VIDEO PRODUCTION

RECORDING OF EVENTS

BMK.TV – Learn everything in two sentences

We are your specialist for professional live broadcasts, video streaming as well as film and post-productions. You receive all services from one source from your contact person – from the consultation to the video material ready to broadcast.

LIVE PRODUCTION AND LIVE STREAMING

With BMK.TV the whole
world will see
your event
live

By live streaming you will reach many visitors and multiply them. By transferring your event live on the Internet, via social media channels or your website you multiply its effect several fold. BMK.TV supports you: we coordinate with you or your agency the content and planning and we record the event with modern HD live production technology. The signal is immediately available for transfer to a video screen, on the Internet as a

video stream, for Facebook, YouTube and Periscope, or via a OB van for national and international TV stations.

On request we can provide an Internet video stream only for selected users, for a limited number of viewers, or for certain regions.

OUR SERVICES FOR A LIVE PRODUCTION AT YOUR EVENT

Live productions and a live streaming with BMK.TV are suitable also for small and medium-sized enterprises and institutions. Whether it concerns seminars, presentations, sales events, press conferences, PR activities, shows, sports competitions or other events- we offer different technical solutions for small and big events, so that we can guarantee a perfect performance for every project.

BMK.TV gives
publicity
- to you and
your topic.

In the time when information needs to be image relevant and compact for the digital public, a film is the medium of your choice in order to support your image and product communications. The opportunities that are offered by digitization are terrific - and with BMK.TV you can take advantage of these opportunities. Whether you want to show an introductory, convincing video on your website,

place a product video on Facebook or present your company at trade fairs – BMK.TV will do all the services for you from a single source. Our passion and experience are the guarantee for your satisfaction, so at the end you will receive a product that makes you and us both satisfied.

- EB TEAM (EDITOR, DIRECTOR, CAMERAMAN AND ASSISTANT)
- MOBILE CUTTING ROOM
- LIVE SWITCHING VIA IP-SNG AND D-SNG
- PRODUCTION VEHICLE

BMK.TV – What we stand for

BMK.TV stands for BMK Media Production GmbH & Co KG. Above all, we appreciate the passion for work. As a full-service provider, it is our greatest passion to create unique videos, to arouse emotions and support by this your market and company communication.

FOR BMK.TV THERE ARE
5 INDICATORS, ACCORDING WHICH
YOU CAN EVALUATE US:

QUALITY: A first-class result always starts with a first-class team. That is why only highly qualified and experienced employees work in our production- as experienced TV cameramen, redactors, editors and media designers. We use only professional equipment to deliver the best possible results for our customers, in terms of content and technology. This quality requirement is also reflected in our prices, which are generally fair and transparent.

EXPERIENCE: We have been on the market since 1997 and have nearly 20 years of experience in the production of content for communication and editing. Our customers can rely on our many years of expertise in TV, live and image production.

CREATIVITY: Every project is different and it deserves that we deal with it individually. We like to develop new ideas, look for new perspectives, find unique stories and create a storyline that will grab the viewer from the very first moment and maintain him to the very end.

COMMITMENT: We offer to each customer more than he expects: more commitment, more ideas, more self-initiative, more involvement. For us, every project is not just a job, it is a matter of heart, in which we invest our passion and energy.

GUARANTEE: First of all we emphasis a detailed and complex planning. This results in reliable budgeting and unconditional keeping of deadlines. In the production phase, we always have additional equipment in reserve in order to compensate quickly and fully possible technical failures. Because we love surprises - but only the positive ones.
